We're here to help with your vegetative roof project — from initial design through installation and ongoing support.

YOUR LOCAL REPRESENTATIVE

LiveRoof Ontario

At LiveRoof Ontario, we are dedicated to providing premium, sustainable vegetative roof solutions that blend innovation with environmental responsibility. With nearly two decades of experience in horticulture, we embrace both the challenges and rewards of vegetative roofing.

Located 20 minutes west of London, Ontario, in Mount Brydges, we are a division of Hillen Nursery, Inc. — a family-owned operation since 1983. We grow and ship fully mature, vegetated LiveRoof modules across Ontario and extend our reach to Atlantic coastal provinces through local producer partnerships.
